SUMMARY

Dynamic and ambitious Bachelor of Computer Engineering student proficient in HTML, CSS, JavaScript, Angular, React.js Node.js, Python, and SQL. Strong problem-solving skills, effective communicator, and team player. As a fresher full stack developer, enthusiastic about building efficient, scalable web applications and improving user experiences through innovative solutions. Seeking opportunities to apply knowledge and skills in a collaborative and challenging environment to contribute to cutting-edge projects and solutions. Passionate about continuous learning and staying updated with the latest industry trends and technologies.

EDUCATION

Bachelor of Computer Engineering, Mumbai University 2021 - 2024
CGPA: 7.01

Diploma in Mechanical Engineering, MSBTE 2017 - 2021
Aggregate: 80.46

SSC, Maharashtra State Board 2016 - 2017
Aggregate: 64

SKILLS

Technical Skills HTML, CSS, JavaScript, Angular, React.js, Node.js, Python, Django, SQL, NOSQL

Soft Skills Debugging and testing, Team collaboration Problem-solving, Time-Management

PROJECTS

Women Safety System using Arduino and ARM Micro-controller. Technologies Used : Python(Django), HTML, CSS, JavaScript, Arduino Developed a user-friendly interface with an emergency button feature that, when activated, automatically sends out emergency emails and Whats App messages and also SMS to pre-defined contacts.

Covid19 - Finding Nearest Vaccination Center. Technologies Used : Python, Tkinter Build a GUI based model where users can easily find the nearest vaccination center, available slots, vaccine type, vaccine cost, age group and some additional features.

CERTIFICATIONS

- Certificate of Completion Godrej Data Analytics Program Course Completion Certificate.
- Infosys Programing Fundamental using Python.
- SAP Cybersecurity Virtual Internship Program.
